

DECEMBER 2015

POWERFUL PROJECT

DIGNITY

AGES 7 & UP

FIRST & LAST NAME: _____

This month we are talking about dignity. When we treat people with dignity, we treat people like they matter and like they are worthy of care and attention. We can also treat ourselves with dignity. As leaders, we need to lead with dignity. We can lead with dignity by lending a helping hand when we see someone in need. We can lead with dignity when we see someone being treated poorly and get help, stick up for that person or bring that person to safety. We also can lead with dignity by including someone who is being left out or listening to a friend. Dig into dignity below. Reveal what you would do in each situation.

There is a student who is teased, left out and made to feel like s/he doesn't matter. What do you do?

A friend is being mean and lying to you. It is making you feel angry. What would you do?

You are playing a game with some friends. Someone gets hurt badly. What do you do?

Your sibling told a secret to her friends. They told the whole class. S/he's upset. What's your advice?
