VISION

FIRST & LAST NAME: _____

Vision means: "To clearly imagine my goals as if I have already achieved them." When we use our vision, we "See it, Sense it, Say it, Believe it so we can Achieve it!" Imagine yourself achieving your goal. What do you see? Feel? Say to yourself? Do you believe you can achieve it? Then you have vision! Fill in the blank spaces below with YOUR vision for your goal.

The Moment I Achieve My Goal:

I will hear..

My Goal is..

I will feel..
