TEAMWORK

FIRST & LAST NAME: _____

Teamwork means "working together as a group to achieve a common goal." A successful team shows great attitude, good sportsmanship and strong effort. We use teamwork in many different circumstances at home, in school, here in class or out in the community. Whether our team works together to clean up, bake, paint, entertain, compete or teach, great teams get the job done!

Great teams also have specific rules and expectations. They might have rules about being on time, communication, the importance of listening and more. Think of a team you have been a part of or imagine a team you could create. What would be the top rules the team would need to follow and what would you expect from other teammates while part of the team?

Rules and Expectations

These are the rules & expectations for the _____ team.

Rules

(Example) Arrive on time or early for practice.

(1) _____

(2) _____
