

NOVEMBER 2015

POWERFUL PROJECT

CITIZENSHIP

Teens & Adults

First & Last Name: _____

Citizenship means: Being an active, caring and responsible member of our community. While citizenship is often associated with a feeling of being part of something larger than oneself, it's also important that we associate it with action. Someone once said, "Remember, people will judge you by your actions, not your intentions. You may have a heart of gold -- but so does a hard-boiled egg. What are the most important actions you think a citizen of our community (or our world) can take to show good citizenship?"

What feelings do you associate with positive citizenship?

What do you think are the top three or four actions associated with good citizenship?

What action do you take habitually as a citizen to ensure either safety, fairness or health of our community or world?

If you had 30 days to make a positive change that can affect the community or world, what would it be? Will you commit to making this change?
