

DECEMBER 2015

# POWERFUL PROJECT

# DIGNITY

AGES 4-7

FIRST & LAST NAME: \_\_\_\_\_

This month we are talking about dignity. Dignity means: "We all deserve to be treated like we matter!" We can treat others with dignity by listening to them. We can treat people with dignity by caring for them, including them or helping them when they are in need. Look at the scenarios below. How would you treat each person with dignity?

Michael fell and hurt his knee. He is crying and in pain. How can you treat him like he matters?

- (a) Get an adult to help and then, sit next to him.
- (b) Ask him to play ball.
- (c) Look at him.

Two classmates are being mean to Charlotte. How can you treat her like she matters?

- (a) Walk away so you don't get picked on by those classmates.
- (b) Ask her if she'd like to play with you and be friends.
- (c) Say mean comments to the people picking on her.

Draw a picture of one way that you treat others (or yourself) like they matter.

Joseph just moved to a new home near you. He misses his old home and his friends. How can you treat him like he matters?

- (a) Tell him to smile.
- (b) Invite him to play.
- (c) Walk away.
